FTTH Outlet leeg SC/DX

1 port FTTH terminal box is a compact, wall-mounted enclosure for Fiber-to-the-Home networks, designed to protect and manage a single optical fiber connection, allowing for splicing, storage, and connection to a user's device (like an ONT/ONU) using an adapter (SC/LC) and pigtail, serving as a cost-effective, easy-to-install endpoint for broadband access.

Specifications:

- Material: ABS
- Size: 116x86x23mm
- Port: 1 Port
- Adapter Load: SC/LC/FC
- Weight: 0,1 KG
- Color: White
- Application: Wall Mount, Desktop
- Operating Temperature: -40 - 60 °C
